

STATEMENT

In regard to the arrests made today by the Public Ministry, of people allegedly linked to the murder of Berta Caceres and to the speculation of some information trying to relate the company that is currently developing the Hydroelectric project of Agua Zarca, we address the public opinion with the following:

1. Hydroelectric Agua Zarca fully trusts the investigation entities of Honduras whose actions should lead to the resolution of this event.
2. Hydroelectric Agua Zarca confirms that under no circumstances is responsible or has material and intellectual link with the murder of the indigenous leader Berta Caceres.
3. Hydroelectric Agua Zarca since the very beginning has been open and available to the authorities, cooperating with anything requested.
4. Hydroelectric Agua Zarca is surprised with the capture of Sergio Rodriguez who serves as Manager for social and environmental matters for the company considering that we trust all actions of his collaborators are within the legal framework.
5. The developer Hydroelectric Agua Zarca carries out a renewable energy project in Honduras that is under strict environmental measures and has full support by the communities in its area of influence and is also a source of investment and development for the Honduran economy, where the inclusion and protection of life is the highest guiding value of their activities.
